

Pole Mount

Pole Mounted Banner Display Frame

Single sided frame

Double sided frame

Clamp Bar
Arm profile

Tongue & Groove
Arm profile

Pole Mounts are available in two arm styles. The "Clamp Bar Style" arms grip any banner made or sewn in any way. The lighter and less expensive "Tongue & Groove" style models require banners sewn with pole pockets on the top & bottom.

All pole banners need hardware, and Voxpop's is the best there is. Period!

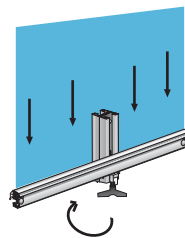

One affordable frame will provide years of perfectly tensioned, sign-like displays. Our hardware is the last you will ever need to purchase!

In addition to strength and functionality, Voxpop's Pole Mount frames are stealthy! The hardware is 99% concealed by the banner.

- ✓ Available single or double sided, attach to any pole
- ✓ Creates a professional, consistent image
- ✓ Simple to install. Tracks screw-in or attach with hose clamps
- ✓ Banner change-outs take just seconds. No tools needed!

What makes our pole banner hardware so special?

Small steel tracks hold special "arms" that grip your banner. Then, a mechanical tension screw winds the banner drum-tight. The result is a perfect display that looks like a rigid professional sign!

**We don't make your P.O.P.
We make it WORK!!!**
