

TopLine

Rooftop Banner Display Frame

There is no more effective way to display your exterior banners than above the roof. And there is no better way to do that than with a TopLine Banner Frame!

It creates big bold impact and is proven to pull customers off the street.

The TopLine Frame is Voxpop's signature product. Since 1989 we have sold tens of thousands, and it is the exclusive approved roof banner hardware for dozens of major international chains.

Single base frame holds banners up to 12'

Double base frame holds banners 14' up to 24'

TopLines come in 16 sizes to display banners from as small as 3x6 to as large as 4x24. They install on the back side of the knee-wall on the roof of most commercial buildings. The frames accommodate any banner style or material.

We don't make your P.O.P.
We make it WORK!!!

What makes the TopLine Frame so good?

The sturdy steel base frame holds special "arms" that grip your banner. Then, a mechanical tension screw winds the banner drum-tight. The result is a perfect display that looks like a professional billboard!

- ✓ Designed for lifetime use - a one time investment for years and years of functional performance
- ✓ Banner change-outs are simple, fast and done from the safety of the flat roof - no tools needed!
- ✓ Maintains drum-tight banners that are 100% readable the entire promotion
- ✓ All models have a "lay-back" feature so you can remove all hardware from view when needed
