

Ground Mount

Lawn or Drive Thru Banner Frame

If you want to display your banner on the ground, you need hardware. Voxpop's solution is the industry standard. Nothing creates a better result. Period.

Our sturdy framework mechanically tensions your banners into rigid-looking signs!

Voxpop's Ground Mount frame is the only approved hardware for dozens of major chain stores and restaurants. For a reason!

- ✓ Designed for lifetime use - extremely durable for years and years of performance
- ✓ Position anywhere you like for optimum impact: facing the street or in the Drive Thru
- ✓ Easy banner change-outs and a crisp, sign-like professional appearance

Why is our Ground Mount Frame so popular?

The sturdy steel base frame holds special "arms" that grip your banner. Then, a mechanical tension screw winds the banner drum-tight. The result is a perfect display that looks like a professional mini billboard!

Tw-leg frame holds banners up to 12'

Thre-leg frame holds banners 14' up to 24'

Ground Mount frames come in 16 sizes to display banners from as small as 3x6 to as large as 4x24. To install, assemble the base frame, then insert into 2 or 3 small holes in the ground. No concrete needed. The frame can be adjusted for level display on uneven surfaces.

**We don't make your P.O.P.
We make it WORK!!!**
