TopLine Banner Frame

There is no more effective way to display your exterior banners than above the roof.

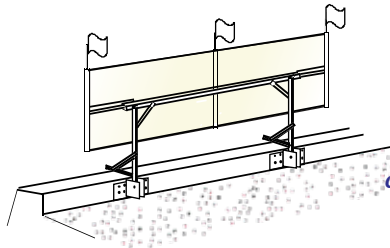

And there is no better way to do that than with Voxpop's TopLine Banner Frame for Wendy's. It creates big bold impact & pulls customers in from the street.

*Standard model
fits Wendy's 4x10 banners*

\$445

*Optional
accent flags (3)
add \$36.00*

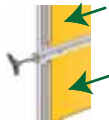

*Short parapet model fits
Wendy's 4x10 banners - see box below*

\$455

*Optional
accent flags (3)
add \$36.00*

What makes
the TopLine Frame
so good?

The sturdy steel base frame holds special "arms" that grip your banner. Then, a mechanical tension screw winds the banner drum-tight. The result is a perfect display that looks like a professional billboard!

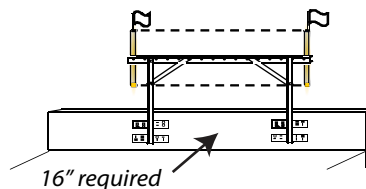

Displays your 4x10 banners above the roof

- ✓ Designed for lifetime use - a one time investment for years and years of functional performance
- ✓ Banner change-outs are simple, fast and done from the safety of the flat roof - no tools needed!
- ✓ Maintains drum-tight banners that are 100% readable the entire promotion

Choose the right TopLine frame for your building

Some Wendy's locations - especially older construction - do not have a tall enough "parapet" wall for our standard TopLine Frame. The required height is 16". Your location may need the "short parapet" model shown on the right.

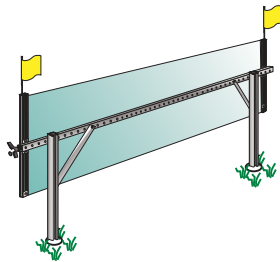

Standard (tall parapet) model

Short parapet model

Ground Mount Frame

Our Ground Mount Banner Frame creates a mini-billboard located for the best possible drive-by exposure for your outdoor banners. The framework ensures 100% readable and effective displays, promotion after promotion!

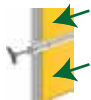

\$399

Fits Wendy's 4x10 banners

Optional
accent flags (2)
add \$24.00

Install on any lawn or ground surface
to perfectly display your 4x10 banners

**Mechanical tensioning
keeps banners taut
the entire promotion**

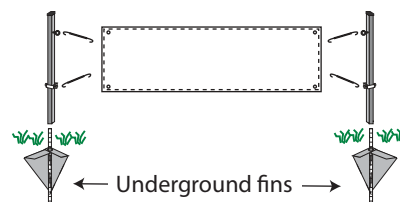

Whether you want big impact with a banner attracting traffic from the street, or need a merchandising boost in the drive-thru, a Ground Mount Frame is the answer!

The heavy duty steel and aluminum frame forever replaces makeshift stands and poles, while turning your banners into professional looking, 100% readable signs.

Economy Ground Mount - The "EZ" Post Frame

The EZ Post Banner Stand is designed as an economical alternative to our flagship Ground Mount Frame.

Underground fins stabilize powder-coated poles fitted with adjustable bungees that keep your banners straight and readable. Easy to use and easy on the budget, this system is designed for the less-occasional merchandiser who wants professional appearance and results.

\$165

HangTight Frame

4x10 Wall Model **\$183**

A sign? Nope! A banner tensioned drum tight - and the hardware is 99% concealed!

Voxpop's HangTight banner mounting frames create perfect, sign-like displays. To install, just screw several small tracks into the building - that's it! Fasteners available for brick, wood, masonry or drivet walls.

- ✓ Maintains drum-tight banners that are 100% readable the entire promotion. No droops, sags or fly-aways
- ✓ The hardware is 99% concealed by the banner. All your customers see is your message!
- ✓ Designed for lifetime use - a one-time investment for years and years of functional performance

Swivelers

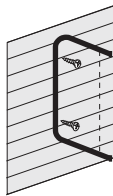

*Voxpop's innovative Swiveler display system is wind-activated to attract attention and customers!
The heavy-duty hardware displays coroplast panels that swivel - but not constantly - so they stay readable.
Models are available for mounting on poles or walls.*

Single Pole Swiveler

Double Pole Swiveler

Wall Swiveler

Swivelers require coroplast inserts made to specifications to fit the hardware. Please consult your Voxpop sales representative for details. Voxpop does not supply the coroplast inserts.

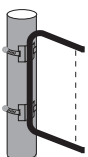

Wall mount

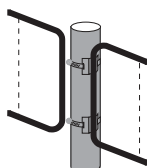

Powder-coated heavy steel construction

- ✓ Frames are constructed of heavy duty bent steel - will perform for years!
- ✓ Installation is simple and graphics panels change-outs take are easy and quick
- ✓ Swiveling action is not constant so your message stays readable
- ✓ Wind spill action reduces wear on panels. Great for long-term promotions!

Frames for 2' x 4' coroplast inserts - 10mm thickness (Call us for printing specs & printer referral. Inserts not included.)
